

Mission Brief: GigSniper

Automated Freelance Income. 48 Hours.

- Develop **GigSniper**: a bot that scrapes Upwork / Freelancer for new gigs.
- Filter by payout \geq \$50 and $<$ 20 proposals.
- Generate cover letters via GPT-4 with client-specific hooks.
- Auto-submit bids using stored profiles & rate limits.
- Log every bid, status, and client reply in Notion board.
- Aim: 200 targeted bids/day, 10% win rate baseline.

■ Deadline: **2025-04-21 18:26 UTC**

Report progress in Notion every 4 hours.
